

 Floating Mixers and Aerators for Process Control, Bluefrog Lagoon Sludge Digestion	 Air Release, Pump Control Valves, Ball Check Valves, Double Eccentric Butterfly Valves & Knife Gate Valves	 Polychem Rectangular Sludge Collectors, Tube Settlers, Tricking Filter Media, and Submerged Fixed Film Media	 Bituminous Coal Granular Activated Carbon Media and Contactors. PFAS Removal Technologies	 Belt Filter Presses, Gravity Belt Thickeners, and Elode Electro Osmosis Dehydrators	 Clarifiers, Gravity Thickeners, and Digester Covers	 Odor Control, Media Supply, Filter Audits and small GAC Filters
 Dumpster-veyor System for Screenings and Biosolids Container Handling	 Onsite Hypo Generation	 Clarifier and Thickener Drives Retrofits, and Low Speed Mechanical Aerators	 Aerators and Degasifiers	 Screens, Grit and Flocculators	 Anaerobic Digestion Waste Heat Recovery	 Coarse and Fine Bubble Aeration Systems
 Geodesic Domes and Aluminum Covers	 Dewatering Container Solutions	 Jet Aeration, ISAM SBR, MCRoxidation Ditch, Vortex Grit	 Decanter Centrifuges for Sludge Thickening and Dewatering	 Screening, Grit Removal, Sludge Thickening and Dewatering Technologies	 Geomembrane Covers and Liners, Bio Gas Holders	 Hyperbolic Mixing Technology, Rigid Cushion Air Bearing Turbo Blowers, SBR/IGSR
 Knife Gate Valves, Diaphragm Valves & Slurry Valves	 Screw and Belt Conveyors	 Packaged Water Treatment Systems and Pressure Filters	 High Demand Mixers and Impellers	 Clog Valve, Kennedy Valve, M&H Valve and Waterman	 Fixed Plate Cloth Media Filters	 Vertical Turbine Pumps
 Pressurized Sewers, Package Treatment Plants, Control Panels and Composite Products	 Split Case, Non-clog, Vertical Inline, End Suction, and Axial Flow Pumps. Package Booster Stations.	 15% Peracetic Acid for Wastewater Disinfection	 Rotationally Molded Polyethylene Chemical Storage Tanks	 Systems Integration, Automation and Control	 Perflo Peristaltic Pumps, Liquid Chemical Feed Systems Utilizing Peristaltic, Gear and Diaphragm Pumps	 Raked Bar Screen, Volute Dewatering Press, Wet Weather Treatment
 Lagoon Aeration, SAGR, Mita Cloth Media Filter, and Napier Reid Process Solutions	 Digester Covers, Draft Tube Mixers & Heat Exchangers	 Filter and Water Treatment Systems	 Water and Wastewater Pumps	 Waste Water Performance Diagnostics	 Progressive Cavity Pumps	 Bio-electrode Sensor for Real Time Process Monitoring
 Biosolids Processing & Drying	 Chlorine Gas Feed Equipment and Analyzers, Auto Shut Off Valves	 Electromagnetic Flow Meters and Microwave Density Analyzers	 Electro-Hydraulic Actuators	 Blower Systems	 Polymer Solutions and Dry Chemical Feed	 Peristaltic Hose and Tube Pumps
 Aeration Equipment	 FRP Baffle Walls, Enclosures and Clarifier Products
